| <b>Maximum Marks</b> | 3 Marks       |

### Define Problem Statements (Customer Problem Statement Template):

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love. A well-articulated customer problem statement allows you and your team to find the ideal solution for your customers' challenges.

Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

#### Example:

|                                      |                       |                          |                       |
|--------------------------------------|-----------------------|--------------------------|-----------------------|
| User seeking early flood predictions | To Relocate to a safe | Existing devices are not | Worried unsafe during |
|--------------------------------------|-----------------------|--------------------------|-----------------------|

| <b>Problem Statement (PS)</b> | <b>I am (User)</b>                    | <b>I'm trying to</b>                                     | <b>But</b>                                     | <b>Because</b>                                           | <b>Which makes me</b>              |
|-------------------------------|---------------------------------------|----------------------------------------------------------|------------------------------------------------|----------------------------------------------------------|------------------------------------|
| PS-1                          | A resident living in flood prone area | Receives early flood warnings to relocate to safe places | I do not receive accurate predictions or signs | Existing warning devices are delayed due to no real-data | Worried and unsafe during rainfall |
